Bring freshness to the field! The portable refrigerator is the perfect ally for hot summer days.

We know how long and demanding summer days in the field can be, which is why we have come up with a portable refrigerator that is perfectly compatible with your DEUTZ-FAHR 6C and effortless installation. Don't let the summer heat or long hours of work wear you down, invest in your well-being and comfort.

Why choose our thermoelectric cooler?

Compatibility and Ease of Use:

The cooler is the same size as the glove box in the DEUTZ-FAHR 6C's cab and comes with two simple straps to secure it as best as possible. To turn it on, just plug it in and you are ready to cool/heat your drinks and food.

Durable and Reliable:

Built with high-quality materials to withstand tractor vibration and shock, our refrigerator is designed to last, accompanying you season after season. The cooling/heating fan is sturdy and low-wear.

Compact and Lightweight:

the 7-liter capacity allows it to hold a variety of beverages and foods. The easy installation and light weight allows it to be taken anywhere. It also comes with a convenient shoulder strap for easy carrying.

Energy Efficient:

Our refrigerator is designed to consume little energy so as not to burden your tractor battery.

At your side in both hot and cold seasons:

The thermoelectric refrigerator allows refrigeration up to 25°C below ambient temperature or heating up to +65°C. Simply set the lever on the back side to your preferred function. This means you will always have cool drinks and food in summer and warm in winter.
